

Arkansas Chapter Report 2011

Activities Statement

As Arkansas Chapter Director, I have responded to about a dozen requests for information on both the state and national level while continuing to add data to the Arkansas Lookout Inventory. I also continue to try and find information on Oklahoma Lookout Towers. Success so far has been scant. We currently have seven members in the Arkansas chapter including one each in Oklahoma and Missouri. A current spreadsheet showing all known Arkansas and Oklahoma Lookouts will be e-mailed to FFLA Historian/Archivist Bob Spear.

Financial Statement

All photocopying and mailing of information, CDs, maps, and lookout tower and cabin plans has been paid for out-of-pocket as a donation to the Association. I have no expectations of requesting any Association funds for the coming year.

Respectfully submitted:

/s/ Michael A. Pfeiffer
