

Arizona FFLA Chapter Report
2022
January 10, 2023

Membership: 24

Carry forward: \$1,034

2022:

Very little actual towers visits by me however several other FFLA members contributed information. Gary Weber, our Treasurer, in his annual visits to Arizona did a tremendous job of photographing several lookouts on the Tonto and Coronado National Forest. I appreciated the photos as most of mine were in the special Collections Library at Northern Arizona University.

Our Chairman, Brad Eells updated the Arizona list with clarifications on Black Rock lookout and Whitney Pass which is apparently actually in Nevada overlooking Arizona land. Barb Zinn of New Mexico Chapter has been hired by the Coconino National Forest to do a complete survey of the fire lookouts.

Goals for 2023:

Continued fire lookout reviews.

-Add some former sites to FFLA data base

-Continue with presentations on Arizona Fire Lookout System.

Arizona Tower Statistics: (based upon 2019-2020 data)

Total-----75

Active-----43

Semi-active-----06

Rentals-----00

Needed Repairs 07 (estimate) no official data available)

Alternate use----03

Lost in 2022-----00
